RE: Application of Woodland Utilities, Inc. for adjustment of rates and charges for the provision of sewer service

Dear Mr. Terreni:

On March 5, 2007, our office received a letter from the Public Service Commission of South Carolina ("Commission") requiring that Woodland Utilities, Inc. ("Woodland") publish "on or before March 12, 2007, the enclosed Notice of Filing and Hearing in newspapers of general circulation" in the areas affected by the Application in the above-referenced matter. As demonstrated by the attached Affidavit of Tracy Barnes, on that same day, our office contacted the Lexington County Chronicle & The Dispatch-News ("Lexington Chronicle"), a newspaper of general circulation in Lexington County which includes the service area of Woodland. Ms. Barnes informed the staff for the Lexington Chronicle that, because the newspaper is only published on Thursdays of each week, the Notice of Filing and Hearing ("Notice") would need to be published on Thursday, March 8, 2007, in order to satisfy the Commission's required deadline of March 12, 2007. The Lexington Chronicle staff assured Ms. Barnes that the Notice would run on March 8, 2007.

On March 12, 2007, at approximately 4:00 p.m., the staff for the Lexington Chronicle contacted our office and informed Ms. Barnes that, despite assurances to the contrary, the Notice had failed to run on Thursday, March 8, 2007. Because of the lateness of the hour, we were, therefore, unable to arrange publication that same day. Immediately thereafter, in order to provide notice as soon as possible, our office contacted The State newspaper and arranged to have the Notice published on March 15, 2007 – the earliest edition in which the Notice could be included.

(Continued . . .)

Woodland respectfully submits that it took the appropriate steps to ensure timely filing of the Notice, that the delay was not due to an error or oversight on its part, and that, upon being informed of the error by the Lexington Chronicle, Woodland took immediate action to remedy the problem. Moreover, as demonstrated by the attached Affidavit of Pat Gillam and as required by the Commission, Woodland provided notice to the affected customers via U.S. Mail within the required deadline. Therefore, Woodland believes that the persons affected by this Application were timely notified and that the purpose for public notification has been satisfied. Woodland has discussed these issues with the Office of Regulatory Staff as the only other party of record in this matter, and it is our understanding that they do not object to the delay in publication of the Notice.

Therefore, enclosed for filing please find the original and five (5) copies of the Affidavits of Publication, Affidavit of Mailing and the Affidavit of Tracy Barnes in the above-captioned matter. By copy of this letter, I am serving counsel for the Office of Regulatory Staff with a copy of same and enclose a certificate of service to that effect. I would appreciate your acknowledging receipt of this document by date-stamping the extra copy that is enclosed and returning it to me via my courier delivering same.

Thank you for your assistance with this matter. If you have any questions or if you need any additional information, please do not hesitate to contact us.

Sincerely,

WILLOUGHBY & HOEFER, P.A.

**WOODLAND UTILITIES, INC. - APPLICATION FOR ADJUSTMENT OF
RATES AND CHARGES FOR THE PROVISION OF SEWER SERVICE**

Woodland Utilities, Inc. (Woodland or the Company) has filed an Application with the Public Service Commission of South Carolina (the Commission) for an adjustment of the Company's rates and charges for the provision of sewer service. Woodland is a public utility, as defined by S.C. Code Ann.

§58-5-10(3) (Supp. 2006), providing sewer service to the public for compensation in Lexington County, South Carolina pursuant to rates approved by the Commission in Docket No. 1991-237-S.

Pursuant to S.C. Code Ann. § 58-5-240 (Supp. 2006) and 26 S.C. Code Ann. Regs. 103-512.4.A (Supp. 2006), the Company requests that the Commission approve an increase in its monthly sewer service charges.

In support of its request for an adjustment in the Company's sewer rates, Woodland asserts, among other things, that the proposed sewer rate increase is necessary in order that it may provide reasonable and adequate service to its customers, comply with standards and regulations set by the Department of Health and Environmental Control and other governmental agencies which regulate the environmental aspect of the Company's business, and earn a reasonable return on its investment and attract capital for future improvements. The Company also alleges that the proposed sewer rate increase is necessary to preserve its financial integrity and to promote continued investment in and maintenance of its facilities so as to continue providing reliable and high quality services.
